# About Us

Our team is made up of full time DJs, qualified audio engineers and experienced lighting technicians who have been in the industry for many years. This means our DJs are playing at events and club nights 4 times a week, and will have all the old school throwbacks, along with all the latest songs and remixes to get your dance floor started! Our goal is to provide students with the best school ball solution on the market for the best price! We are young professionals that have the experience in the industry to offer you a quality product, but are young enough to understand what it takes to create the best party atmosphere and how to interact with our crowd.

Unlike most DJ companies, we don't incur any costs hiring sound and lighting for your event, we own all of the equipment we advertise! This means we can offer you the best value for money! In fact, we guarantee to beat the price of any of our competitors by 10%\*

We have offices based in Auckland & Hamilton, but we have DJs based around the North Island and travel to many regions including the greater Waikato, Bay of Plenty, Wellington, Whangarei, Rotorua, Tauranga, Taupo and more!

Our team are down to earth, easy to talk to, and are ready to help make your school ball a night to remember.

## Client Reviews

What past students had to say about us

Thank you so much for such an incredible evening for our school ball. Your music and lighting effects were everything we wanted and more! It made our night that much better! We can't wait to have you at our ball again next year!

**- Rosalie Reeves, Wentworth College**

Jan did the most amazing setup we have ever had for our School ball of 2014 at the viaduct events centre. Everyone on the school ball committee are glad that we chose to place our trust in him and his company, DJ4You. The projection setup, lighting show and the added dry ice machines he supplied were amazing and really blended perfectly with our theme of Dark Forest.

Everyone flooded to the dance floor right from the beginning of the night, and this was by far the best School Ball that I have attended in my last 3 years at St. Kents. Jan was incredibly easy to work with! He came in to the school to meet with myself and the rest of the school committee before the event. He immediately clicked onto our vision for the school ball, gave us advice, and made helpful suggestions from his experience of DJ'ing school balls. He more than met our expectations, and helped to make an incredible night!

All I have heard from my peers at school this week is how much fun everyone had, how awesome the music was, and how stunning everything looked. We couldn't of asked for anything to go better, and will be passing his details onto next years committee with a high recommendation to use him and his team again! I make the same recommendation for any other members of their school ball committees! Jan will do everything you could possibly hope for, and more!

**-Lucy King, St Kent's School Ball Committee**

There's been great feedback from students and teachers. The dance floor was pumping all night long which is fantastic. There has been lots of raving about what an awesome ball it was. We will be sure to get in touch next year about booking you guys again!
